

Leonie Hedland BSc(Hons) RVN MBVNA Certificate Canine Hydrotherapy

I qualified as a veterinary nurse back in 2003 going on to gain a first class honours degree in the subject from The University of Central Lancashire (Myerscough College) in 2004. I worked in general practice before joining Torrington Orthopaedics where I worked as an orthopaedic veterinary nurse gaining the certificate in canine hydrotherapy and going on to manage the rehabilitation suite of the hospital. I then specialised completely in canine hydrotherapy and rehabilitation heading up Aquavet a canine hydrotherapy and rehabilitation centre based in Sheffield. I now work as a client training advisor for The College of Animal Welfare.
