

Maggie Roberts BVM&S MRCVS

Maggie qualified as a vet at Edinburgh University in 1986 and spent most of her career in private small animal practice in Portsmouth, where she developed an interest in feline medicine and helped to neuter the feral cat population in Portsmouth Dockyard. She has also worked in Malawi and Australia and was appointed the first Cats Protection Veterinary Officer in 1997. After 2 years she returned to private practice but her interest in feline welfare brought her back to CP as Head of Veterinary Services in 2006 and has recently been made Director of Veterinary Services. She has also been a trustee of the Feline Advisory Bureau and is the co-author of the FAB feral cat manual. She has 3 cats (all rescues of course), Trevor, Frankie and Ronnie.
