In association with

and

Salaries Survey 2012

This year the Salaries Survey is being run in association with the British Veterinary Nursing Association and the Veterinary Practice Management Association and we are grateful to them for their support.

Ideally we need one completed questionnaire for each and every Veterinary Surgeon, Nurse, Receptionist and Practice Manager including both full and part-time workers from your practice. It is best if each employee fills in the survey for themselves.

It would be really helpful if you could complete this survey online which not only saves postage costs but ensures the results go straight into the database so no one has to re-type them! Read through this document so you know what information you need, then go online at

www.questform.co.uk

Login as: **Salary 2012**

Password: **salary**

However, if paper is your preference, please copy this form as many times as you need and share it round your practice.

As always the survey data is treated as strictly anonymous and totally confidential.

If you have two or more jobs, please complete a separate survey for each of your employments.

The more responses we get the more you will get back from this survey.

Please return completed paper forms to: SPVS
