

**Samantha Morgan DipAVN (Med & Surg) CertEd RVN A1 MBVNA**

I qualified as a registered veterinary nurse in 1999 and worked in an orthopaedic veterinary referral practice in Birmingham. I returned to Cardiff in 2002 and I became head nurse at the Park Veterinary Group where I am responsible for training veterinary nursing students.

Between 2003 and 2008 I gained both the medical and surgical diplomas in advanced veterinary nursing. I hold an examiner's certificate for the Royal College of Veterinary Surgeons and I spent part of the year assessing level 3 practical examinations. This year I have gained my certificate in education.

I teach student VNs on Filton College's NVQ level 2 & 3 courses and I am the South Wales Regional Co-ordinator of the BVNA organising local CPD events.
