

Susanna Taylor RVN A1 MBVNA

I began nursing in 2003 after completing an Animal Care National Diploma. I worked for 4 years in a busy emergency and referral hospital in East London and qualified as a RVN in 2006. In 2007 I took a position as an Anaesthesia Nurse at the Queen Mother Hospital, as I had decided this was the area I wanted to specialise in. I was promoted to Senior Anaesthesia Nurse in 2008 and acted as Head Anaesthesia for 1 year covering maternity leave. I worked towards the VTS (anaesthesia) credentials in 2009 and have been accepted to sit the exam in Sept 2010. (If I pass it will make me the second UK VTS (anaesthesia).)

My other interest is in exotic animal nursing, and I was a weekend volunteer at the London Zoo Veterinary Hospital for 2 years, and I have also spent time working with Vervet monkeys in South Africa.
