

Income tax relief

Find out how you can claim income tax relief on your BVNA membership subscription and save up to 40%

The BVNA

The BVNA is recognised as an 'approved body' by the HM Revenue and Customs (HMRC), which means that our annual membership subscription can be offset as an allowable taxable expense against income earned.

Savings

If you are a UK tax payer, the membership subscription you pay is eligible for tax relief against your income.

A higher rate tax payer will save 40% on BVNA's membership subscription, and a basic rate tax payer 20%.

Employer

If your employer pays your membership subscription on your behalf they may be able to claim the cost against their trading profits.

Please visit www.hmrc.gov.uk/incometax/relief-subs.htm for further information.
